All of us in the Office for International Students and Scholars (OISS) welcome you to DePaul University! This email is part of a series of communications our office is sending to help you prepare for your arrival in Chicago. In case you miss any of our communication, we will also have it posted to our website so you may catch up on the various topics covered. Also please don’t forget to visit our website to learn more about how to register for your international student orientation and what to expect.

THIS WEEK: HOW TO LOGIN TO CAMPUS CONNECT
All of your business as a student at DePaul will happen in CampusConnect. You will use this system to register for courses, apply for housing and pay your DePaul bills. Please read the instructions below to find out how to get your username and password set up, so you can get started right away!

If you have not already received your Campus Connect username and password, then please follow these simple, yet very important steps outlined below. The entire process won't take you more than a few minutes, but the information is time-sensitive so once you begin, you do have to complete it.

**Step 1:** Click on the link at the end of this message to retrieve your Campus Connect username and begin the process of setting up your password. You will be asked to verify the email address you listed on your application for admission and your date of birth. DO NOT click on this link if you are not able to immediately proceed with Step 2 as it is a time-sensitive process.

**Step 2:** Immediately after you verify the requested information you will be sent a second email with additional instructions to set your password. For your security, the information within this second email will only be good for one hour once it is requested.

**Remember, ONLY click on this link now if you are able to immediately proceed with Step 2.** If you need to step away for any reason, simply save this email and come back later when you are able to complete the process.
