What is Optional Practical Training (OPT)?

“Temporary employment for practical training directly related to the student’s major area of study”

- OPT is off-campus employment authorization for F-1 students that may be obtained from U.S. Citizenship and Immigration Services (USCIS) to lawfully pursue employment in your academic field of study.

- You are eligible to apply for OPT once you have maintained your F-1 status for a minimum of one academic year. At DePaul University this is equivalent to at least three (3) consecutive quarters.

- F-1 students may apply for a total of 12 months of OPT to be used before completion of studies (pre-completion OPT) and/or after completion of studies (post-completion OPT).

- F-1 students are eligible to apply for 12 months of OPT at each educational/academic level (i.e. Bachelor’s, Master’s, PhD). Students who complete two degrees at the same educational/academic level (e.g. two Master’s degrees) are not eligible for additional OPT time after completion of the second degree.

- Some students in an eligible STEM (science, technology, engineering or mathematics) degree program may be eligible to apply for a 17-month extension of their OPT authorization.
OPT Quick Start Guide

OPT Application Process
Your OPT application is completed in three steps:

1. Request your OPT I-20 from the OISS. Pages 9-10

2. Prepare your application forms and supporting documentation. Pages 14-23

The OISS strongly recommends that you carefully review this entire OPT tutorial for detailed instructions and important information about your OPT authorization requirements and responsibilities.
OPT Highlights

- As long as you meet the requirements, you may be eligible for 12 months of OPT time per educational/academic level that you complete.

- OPT may be requested both before and/or after degree program completion.

- A job offer is not required to apply for OPT.

- OPT employment may occur anywhere in the United States.

- No special permission is needed to quit a job or change employers during OPT authorization. However, you must email the OISS when your employment details change at: OISS@depaul.edu.

- During OPT authorization, you remain in F-1 status.

- An extension of OPT may be allowed for up to 17 months if you have a degree in a science, technology, engineering, or mathematics (STEM) field and your employer is enrolled in the E-Verify program. For more information on your eligibility for the 17-month OPT extension, please see your OISS Advisor.

## Post-completion OPT
Employment authorization after degree completion

**Application Deadlines**

- **Pre-completion OPT**
  No earlier than 90 days before desired employment start date.

- **Post-completion OPT**
  USCIS must receive your application no earlier than 90 days prior to your degree program completion date and no later than 60 days following your degree program completion date.

In most cases, we recommend that you apply as early as possible to avoid unexpected delays.

For a definition of “program completion date” as it refers to OPT, see page 36.
Should I Apply for OPT?

Pre-Completion OPT

Have you been in F-1 student status for one academic year? At DePaul University, one academic year means full-time enrollment for at least three (3) consecutive quarters. You may be able to count the time you spent at other U.S. schools in degree programs as long as your SEVIS record was transferred directly to DePaul University. Enrollment in English language programs cannot be counted toward meeting this requirement.

Have you considered using Curricular Practical Training (CPT) instead? For many students, CPT can be a better option. It allows you to get work experience in your field of study without using any of your 12-month OPT allowance. Please see the OISS website for a detailed description of Curricular Practical Training.

Will your job offer still be valid three months from now? OPT processing can take 60 to 90 days and you may not begin employment before receiving authorization. If your employer is not willing to wait for your authorization approval, OPT may not be the best option for you.

Do you plan on applying for the 17-month OPT extension or the H-1B cap gap extension in the future? Only eligible post-completion OPT students may apply for these two extensions. If you plan on applying for either of these extensions in the future, you must have at least part of your original 12-month OPT allowance remaining to use as post-completion OPT.

Are you willing to use some of your 12-month OPT allowance? You will not have a full year of post-completion OPT time after degree program completion if you are authorized for any pre-completion OPT.

Post-Completion OPT

Have you been in F-1 status for one academic year? At DePaul University, one academic year means full-time enrollment for at least three (3) consecutive quarters. You may be able to count the time you spent at other U.S. schools in degree programs as long as your SEVIS record was transferred directly to DePaul University. Enrollment in English language programs cannot be counted toward meeting this requirement.

Will you be completing your program of study at DePaul University within the next 90 days? Your application for OPT cannot be submitted to USCIS any earlier than 90 days before your degree program completion date.

Are you enrolled full-time this quarter or authorized by the OISS to have a reduced course load? If eligible, you must receive a reduced course load authorization from the OISS before enrolling less than full-time.
Prepare Your Application Materials and Request Your OPT I-20

- Complete your OPT I-20 request form with your Academic Advisor
- Select your desired or “recommended” OPT start date
- Request your OPT I-20 from the OISS
- Complete USCIS Forms G-1145 and I-765
- Prepare your supplementary application documents
- Mail your complete application to USCIS
To request your OPT I-20, you must submit a completed OPT recommendation form to the OISS.

Download the OPT I-20 Request Form (pdf) here.

**Choosing Authorization Dates**

On the OPT recommendation form, you must indicate what dates you would ideally want your employment authorization to begin and end before submitting it to the OISS. Your recommended OPT dates are subject to change based on USCIS processing times.

Your recommended OPT dates will be printed on your new OPT I-20 and cannot be easily changed after processing. If approved by USCIS, your OPT dates cannot be changed and will be printed on your EAD card.

- Your recommended OPT start date is the day you would ideally like your EAD card to become valid and when you would ideally like to begin off-campus employment.
- Your recommended OPT end date is usually 12 months later minus one (1) day unless you request a shorter period of time.

**If you change your mind about your authorization dates**

You will **NOT** be able to adjust your recommended OPT dates once you have mailed your application to USCIS without withdrawing your application completely. Consider the authorization dates carefully before submitting your OPT recommendation form to the OISS.
The OPT I-20 Request Form

Academic Recommendation

Your Academic Advisor will complete the bottom portion of the OPT I-20 Request Form.

Expected Program Completion Date

The degree completion date for OPT purposes is the last day of the quarter in which you complete your degree requirements. Your degree completion date may not necessarily be the day of your graduation ceremony or the expiration date on your current I-20.

PLEASE review the Academic Calendar for DePaul University’s term end dates.

For students completing their program in the Summer term: please be sure that your course schedule is finalized before submitting your OPT I-20 request form. Ask your OISS Advisor if you have any questions.

If you do not complete your program as expected

Once your OPT I-20 has been issued, changing your degree program completion date can create serious complications for your OPT application. Consider your expected completion date carefully and make every attempt to finish your program on that day. Students who do not complete all degree requirements by their program end date may extend their program before the I-20 expiration date but this could affect your OPT authorization. Please see your OISS Advisor if you have applied for OPT and your degree completion date changes.

Academic Advisor Signature

A signature from your Academic Advisor is required on this form. This signature verifies your expected degree program completion date at the time of application for OPT.

Signatures from Faculty Advisors or professors will not be accepted.
The OPT Application Timeline

**OPT Application Period:** Window opens 90 days before degree program completion and closes 60 days after degree program completion. Degree program completion date (example)

Feb 20 March 20 April 20 May 20 June 15 July 15 Aug 14

Please note: dates shown are for example only. Please refer to the [Academic Calendar](#) for DePaul University’s term end dates.

**Degrees program completion date** (example)

*60-day grace period ends*

**Timelines illustrating two common scenarios can be seen on the next page.**

**Points to Consider**

- USCIS can receive your OPT application up to 90 days before your degree program completion date and no later than 60 days following your degree program completion date.
- If you leave the United States during your 60-day grace period and you haven’t applied for OPT, you will lose your opportunity to apply for OPT.
- USCIS must receive your OPT application no later than 30 days after your OPT has been requested in SEVIS by your OISS Advisor or your application may be denied.
- It can take 60 to 90 days (sometimes more, rarely less) for an OPT application to be reviewed and (hopefully) approved by USCIS.
- Your recommended OPT start date must be within your 60-day grace period.
- You cannot begin employment until you have received your EAD card and the start date on the EAD card is valid/current.
- You cannot change your recommended OPT start date once your OPT application has been mailed to USCIS without withdrawing your application completely.
- As long as you have mailed a timely application for OPT to USCIS, your F-1 status remains active and you can continue to stay in the United States while your OPT application is pending.
- Travel outside of the United States while your OPT application is pending and once it has been approved can be risky; please schedule an appointment with your OISS advisor for more information as far in advance as possible.
Choosing Authorization Dates – Typical Examples

Scenario 1:  **Student with a job offer submits his OPT application early**

On March 15th, Alex mails his application for OPT to USCIS. He is completing his program on June 15th and chooses July 15th as his recommended OPT start date because he has a job offer beginning that day. Alex receives his EAD card on June 1st. His employer is pleased to see proof of work authorization early even though he cannot begin working until July 15th, as noted on his EAD card. Alex decides to go home for one month for vacation.

Please note: dates shown are for example only. Please refer to the [Academic Calendar](#) for DePaul University’s term end dates.

Scenario 2: **Student with no job offer submits her OPT application rather late**

Becky doesn’t have a job offer or time to search for one until after she finishes her degree. She chooses the latest date possible to start her OPT -- August 14th -- which is 60 days after her completion on June 15th. She knows that she can lawfully stay in the United States as long as she has submitted her OPT application on time. She finally mails her OPT application on June 1st. On August 14th, Becky still hasn’t received her EAD card, so she can’t begin working. Becky receives her EAD card on September 1st and it expires the following year on August 13th. Becky has lost 13 days of her OPT authorization because her application was approved after the latest available OPT start date.
Your OPT I-20

Approximately one week after submitting your OPT I-20 Request Form to the OISS, you will get a new OPT I-20. This sample shows how your I-20 will be updated for OPT purposes.

Check It for Accuracy!

I-20 Page 1
When you pick up your OPT I-20, make sure to check the following items:

Education Level: Be sure that the education level printed on your I-20 reflects the degree that you will earn upon degree program completion. If this is not accurate, contact your OISS Advisor.

Program End Date: Your I-20 program end date will be shortened to match the completion date listed on your OPT I-20 Request Form. It may look like the I-20 will expire soon, but don’t worry, the I-20 remains valid for the length of your OPT authorization period (as noted on page 2 of your OPT I-20) as long as you continue to maintain lawful F-1 status.

This issue is important to note especially if you plan to travel abroad during your OPT authorization.

OISS Advisor Signature: Make sure your OISS advisor has signed your OPT I-20. Also, make sure the I-20 was issued fewer than 30 days in the past.

Student Signature: Sign and date your I-20 after receiving it from the OISS. Signatures must be in BLUE ink!

I-20 Page 3: No Changes
Page 3 of your I-20 will not change. It contains a description of the F-1 student regulations. You should have already read them at some point during your stay in the U.S. If not, it’s never too late—read them now!

Employment Authorization: Your recommended OPT start and end dates should be listed in this section (as well as any other active employment recommendations or authorizations you may have). If the dates are different from those that you requested on your OPT I-20 Request Form, please notify your OISS Advisor immediately. Remember that at the time you receive your OPT-recommended I-20 and actually apply for OPT, you have not yet been approved for OPT authorization. This is why the Employment Status section should read “Requested” as in the example on the right.

Other Authorizations: You will also see your recommended OPT start and end dates again under this section, as well as any other active employment recommendations or authorizations, or reduced course load authorizations.

Form I-765

Application for Employment Authorization

Form I-765 is the other USCIS form you will need to submit with your OPT application. A sample Form I-765 form is shown here.

Important: You are required to use the most current version of Form I-765. It is best to download Form I-765 right before you mail your application since USCIS updates forms frequently.

How to Complete Form I-765

Completing Form I-765 for OPT is a simple task, but a few items can be confusing. The following pages will cover how to complete those “tricky” questions so you can avoid any delays in receiving your work authorization.

Please note if you are completing the form on your computer and printing it out (RECOMMENDED), not all information may fit (e.g. address information). For these areas, please hand write the information.

Download Form I-765 and USCIS instructions.

Items 1-14

Item #1: Name
Your Family (last) Name must be in ALL CAPS. Your First Name (and Middle Name, if applicable) can be entered as you would normally write it (see example).

Item #2: Other Names Used
You only need to complete Item #2 if you had a name change while studying in the U.S.

Item #3: Address in the United States
The address you put here is where your new EAD card will be mailed if approved. This address needs to be valid for at least the next 3 months, the typical length of time it will take to process your OPT application. If you think you may move in the months after you mail the application, use a reliable friend or family member’s address to receive your EAD.
You may use the OISS address if you are unsure if your current address will be valid for 3 months. The OISS will contact you at the email address you have listed as your “preferred” email address in Campus Connection when we receive correspondence on your behalf. If you are using an address other than your own, use “c/o” to indicate that your mail is being delivered “in care of” the resident of that address. The example shown here is for mail being delivered to the OISS address.
If the address listed is outside of Illinois, talk to your OISS Advisor. The OISS has direct contact with the USCIS Nebraska Service Center but cannot contact other service centers directly.

Item #9: Social Security Number (SSN)
If you have never worked in the U.S., you may not have a SSN. If this is the case, you can leave this space blank. You will be able to apply for a SSN after you receive your EAD card.

Item #10: I-94 Number
Use your current I-94 number. This is the 11-digit number found on the top left corner of your paper I-94 card or on your electronic I-94 record (access here).

Item #11: Previous Employment Authorization
Check “Yes” if you have ever received an EAD card previously. Fill in the next three lines with the information related to that previous work permit. A photocopy of your EAD card(s) must be included with your application package. (If you have lost it/them, write “lost EAD” in this space).
If you have never received an EAD card, check the “No” box here. If you have worked on-campus or have been authorized for CPT, you will still check “No” here.
Please note: the example here is for a student who has NOT had a previous EAD card.
Completing the I-765

Items 1-14 (cont.)

Item #12: Date of Last Entry into the U.S.
This is the date of your most recent entry into the U.S. This entry date can be found stamped on your paper I-94 card, on your electronic I-94 record, or in your passport admission stamp.

Item #13: Place of Last Entry into the U.S.
This is the name of the city where you landed in the U.S. This information is found on your passport admission stamp (usually as a code like “CHI” for Chicago). If you drove across from Canada or Mexico, enter the name and the city where you entered the U.S.

Item #14: Status of Last Entry
This is the status you had upon entering the U.S. Most students entered in F-1 status, however, you may have initially entered with an H-1B work visa or in another status.
Completing the I-765

**Items 15-18**

**Item #15: Current Immigration Status**
Your current status should be F-1 Student. If not, talk to your OISS Advisor immediately.

**Item #16: Eligibility Category**
Use the following codes depending on the type of OPT you are requesting:
- **(c) (3) (A)** Pre-Completion OPT
- **(c) (3) (B)** Post-Completion OPT (see sample here)
- **(c) (3) (C)** 17-month OPT extension

Please note: the code **(c) (3) (C)** should only be used for 17-month OPT extensions for eligible students. Please see your OISS Advisor if you have questions about your eligibility for the 17-month OPT extension.

**Item #17: 17-Month Extension**
Only those individuals who are eligible for the 17-month OPT extension need to complete this section. If you entered **(c) (3) (A) or (c) (3) (B)** on Item #16, you are not required to fill out this item.

**Item #18: (c)(26) Eligibility Category**
Leave this line blank.
Finishing the I-765

Sign your name, include the date of your signature, and enter your telephone number at the bottom of the form.

Please note that your signature must fit in the space provided on the form. If your signature is too big your EAD card may not contain your signature or your application may be returned to you and delay the processing time of your application. Be conservative and use a signature smaller than your normal handwriting. **Signatures must be in BLUE ink!**

If you receive a “Request for Evidence (RFE)” from USCIS

*We strongly advise you to see your OISS Advisor.* In most cases, USCIS will not call you at the telephone number you put on the I-765. If there is a problem with your application, they will send you a notice by mail called a “Request for Evidence (RFE).” An RFE does not mean that your application has been rejected. It simply means that you need to send in additional documents before USCIS can make a decision on your OPT application.

Please make note of the deadline to respond to your RFE if you receive one. If you fail to meet this deadline, your application will be denied.

Receiving an RFE will delay the processing of your OPT application. For this reason, it is important to make sure that you have completed Form I-765 correctly and sent the proper documents to USCIS.

Once USCIS receives an RFE response, application processing resumes and a decision is made fairly quickly.
Photo Specifications

The photos you are required to use for the OPT application must meet the specifications of U.S.-style passport photos. To see a full description of these specifications, go to the U.S. Department of State website.

Most places that take passport photos are already familiar with the specifications. However, you may want to print this page, or the pages from the website above to take with you when you get your photo taken.

Preparing and Mailing the OPT Application

Mailing Options

Priority Express Mail (USPS) and Federal Express (FedEx) or United Parcel Service (UPS)

We recommend Priority Express Mail, Federal Express, or United Parcel Service as the most reliable options for shipping your application.

If you use express mail or a courier service, use the express mail address for USCIS, which is different from the standard post mail address (see next page).

Certified Mail and Return Receipt

Certified Mail and return receipt services are available through the U.S. Postal Service. You can request this service at the post office and pay a minimal fee. With certified mail, you will get a receipt showing what date USCIS received your application.

A sample of the Certified Mail form and receipt is shown to the right.

In some cases, it may take up to 10 days for your application sent through the standard U.S. Postal Service post to be officially received. For this reason, standard U.S. Postal Service post is not recommended.

See a U.S. Postal Service employee at your local post office to learn more about your mailing service options.

The Employment Authorization Document (EAD card)
OPT Reporting Requirements

- All students on post-completion OPT must report changes on the following information to the OISS within 10 days of any change:

  Personal Information
  1. Legal name
  2. Email address
  3. Residential address
  4. Mailing address

  Employment Information
  1. Employer/company name
  2. Employer/company address
  3. Employment start date
  4. Employment end date (when applicable)

- Report changes to your personal information by updating your demographic portfolio in the DePaul Campus Connection system.

- Report changes to your employment information by emailing the OISS at OISS@depaul.edu. Include “OPT Edit” in the email subject line.

- OISS and the Department of Homeland Security (DHS) recommend that students also keep clear written or electronic records of all periods of employment and unemployment while on OPT. This information should include: job title; proof of employment duration (start and end dates); number of hours worked per week; location; contact information for supervisor/manager; description of work responsibilities; and, evidence that work performed is/was related to your field of study. Additional evidence may include: pay-stubs; W-2 forms; copies of contracts; offer letters; and, employment verification letters.
Unemployment Limit

- F-1 students on post-completion OPT are limited to no more than a total of 90 days of unemployment for each period of post-completion OPT at each educational/academic level.

- Exceeding the unemployment limit will be considered a violation of lawful F-1 status; you will risk automatic termination of your F-1 SEVIS immigration record as a result.

- Exceeding 90 days of unemployment may result in denial of future immigration benefits and can have long-term negative consequences for your immigration record and status in the United States.

- Students authorized for the 17-month OPT extension currently receive an additional 30 days of unemployment time for a total of 120 days.

- See your OISS Advisor to discuss your options before exceeding your unemployment limit.
Frequently Asked Questions (FAQ)

- **How can I know the status of my OPT application?** As soon as you have your USCIS case receipt number ("LIN" number), check the USCIS website and click on the “Check your Case Status” link. The main information you can get from this is whether your application has been approved yet or is still in process. The processing time indicated is a standard message that often has no connection with actual processing times.

- **When will I get my EAD?** USCIS will mail the EAD card to you at the address you provided on the I-765 form. It should arrive approximately 60-90 days from the day your application was received and processing began at USCIS.

- **I never received a “Notice of Action.”** USCIS usually sends this (or electronic confirmation) within two to six weeks of their receipt of an OPT application, however, paper “Notice of Action” documents are slowly being eliminated. If you have not received a “Notice of Action” or electronic confirmation from USCIS after six weeks, check with your bank to see if USCIS cashed your check. If so, you can request a copy of the check from your bank that should have your USCIS tracking number printed on it (ten digits beginning with "LIN..."). Keep in mind that it may take up to two weeks to get a copy from the bank. Again, you can check the status of your application online at the USCIS website.

- **How do I contact USCIS?** The number on the Notice of Action or electronic confirmation (1-800-375-5283) is the National Customer Service line. Be sure to have your USCIS case receipt number (“LIN” number) ready before you call. Inquiries through the National Customer Service line may delay the processing of your application. Contact your OISS Advisor first.

- **Is there any way to change the information on the OPT application (address, dates, etc.) once I have mailed it to USCIS?** After you have mailed your application to USCIS, no changes can be made except for address updates. If you change your address while your application is pending, contact your OISS Advisor. You will need your USCIS case receipt number.

- **How long can I stay in the U.S. after the end date of my OPT authorization?** You have 60 days after your OPT ends to leave the U.S., request a transfer of your SEVIS record/I-20, or change your visa status, assuming you have maintained lawful immigration status during your OPT authorization. You cannot work after the expiration date on your EAD, unless you have received prior permission from the OISS or USCIS.

- **Will my spouse or children get a new OPT I-20 too?** When your new OPT I-20 is printed, you should also get an I-20 for your F-2 dependent family members with the updated information on it. If you did not receive OPT I-20s for your family, contact your OISS Advisor.

- **90 days have passed since the USCIS receipt date. What can I do?** First, verify your application status at the USCIS website. If your OPT application has been approved you will need to wait until the EAD card arrives (this could be between 2 to 4 weeks after approval). If the application is still pending, contact your OISS Advisor.

- **USCIS said that my EAD card was approved, but I have not received it yet – can I start working?** No. Employers are required to verify that you are eligible to work before they can put you on payroll. You must be able to show them the EAD card when you begin employment.

- **USCIS said that my application was approved over six weeks ago and I still haven’t received my EAD card. Is there a problem?** There may be. Have you moved? If so, did you update your OPT address? Contact your OISS Advisor for more information.

- **How do I get an extension of my EAD card?** Only students who have completed certain STEM majors and have an employer who is enrolled in E-Verify are eligible for 17 Month Extension OPT. Please see your OISS Advisor for more information.

- **I lost my EAD card. How can I get it replaced?** If you lose your EAD card the only way to replace it is with a replacement EAD card application. You must submit the same items as the initial application to USCIS (fee, photos, forms, etc.) and it could take another 60-90 days for processing. It is not possible to replace an EAD card if you are outside of the U.S.

- **My EAD card says “not valid for re-entry” on it. Does that mean I cannot travel abroad and re-enter on OPT?** All EAD cards are marked with this notation. It simply means that you must carry other documents to show proof of your eligibility to re-enter the U.S. such as your I-20 and valid F-1 visa stamp. The EAD card alone is not enough to re-enter the U.S. It is recommended that you consult with your OISS Advisor before traveling during your OPT authorization.
Frequently Asked Questions (FAQ)

- **What counts as OPT employment?** DHS has provided many options to satisfy the employment requirement including paid, unpaid, and volunteer work related to your field of study. Please contact your OISS Advisor if you have questions about your employment requirements.

- **Is there a minimum number of hours I need to work?** There is no minimum for students on Pre-Completion OPT. All students on Post-Completion OPT, whether they have completed their degree or not, are required to work at least 20 hours per week. Students who do not work a minimum of 20 hours per week on Post-Completion OPT are not meeting the employment requirement.

- **I have been unemployed for 80 days. What is going to happen on the 90th day?** If you accumulate 90 days or more of unemployment, you are in violation of status which may lead to SEVIS record termination and may affect your ability to travel in and out of the U.S. in F-1 status, eligibility for future immigration benefits, and change of status applications. To avoid status violation, you may do one of the following before the 90th day:
  1. Secure paid, or eligible unpaid work related to your field of study for at least 20 hours per week;
  2. Request a ‘transfer out’ of your SEVIS record to a new school;
  3. Leave the US and report your departure date by completing the OISS Departure Form or emailing the OISS at OISS@depaul.edu

- **Do I need a Social Security Number to work in the US?** Yes. If you plan to work in the U.S. you will need a valid Social Security Number (SSN). To apply, please obtain instructions and directions to the Social Security Office from the OISS front desk. The Social Security Administration will process your application and mail your Social Security Number to you.

- **Do I need to complete any forms with my employer to begin working?** Yes. Within the first three days of beginning work you and your employer must complete a form entitled Employment Eligibility Verification (Form I-9). This form will be kept on file by your employer and must be updated each time you receive a renewal of your work permission. Your employer will provide this form and assist you in its completion.

- **Can I change employers while on OPT?** Yes. OPT work authorization is not job-specific. Therefore, you may change employers, or have multiple employers at the same time, provided that each position is directly related to your major field of study and commensurate with your educational level. You will need to update the employer information with the OISS within 10 days of the change by emailing the OISS at OISS@depaul.edu.

- **Do I pay taxes while working on OPT?** Students in F-1 status are subject to all federal, state and local taxes that may apply. Check the IRS website for tax information and to see if your country is one of the few that has a tax treaty with the U.S. allowing students to exclude a limited amount of earned income from federal taxation. In general, however, F-1 students who have been present in the US for fewer than five calendar years are exempt from Social Security (FICA) and Medicare taxes. Be sure to bring this to the attention of your employer, as many employers are unfamiliar with this provision of the tax laws. See publication 519 available for download from the IRS website for information on how to claim salary incorrectly deducted for FICA or Medicare.
Frequently Asked Questions (FAQ)

- **What if I am not able to complete my degree program by the completion date noted on the OPT I-20?** If you applied early and your application has not been adjudicated by USCIS, you may be able to withdraw your OPT application and request a program extension of your I-20; your OPT application fee will not be refunded. Please see your OISS Advisor immediately if this applies to you.

- **What status do I have between my degree completion date and the start of my OPT (EAD card start date)?** If you have chosen a start date well after your degree program completion date, you will still remain in F-1 status. Even though there seems to be a gap in your status, you are still legally allowed to remain in the U.S. or re-enter the U.S. from abroad during this time assuming you have already actually applied for OPT.

- **Can I go to school while on OPT?** Time spent going to school should only be an incidental part of your stay in the U.S. If you decide to go back to school full-time, you must get a new I-20 from the school and forfeit the remainder of your OPT time. See your OISS Advisor if you are considering this option.

- **Do I need to do anything with the OISS while on OPT?** Yes. As a condition of F-1 status, all students must report any changes in address and employment information by emailing the OISS within 10 days of any changes at OISS@depaul.edu

- **Can I start working without pay while waiting for my EAD?** No. The government may view this as “employment without authorization” and is risky for both you and your employer.

- **Does my visa need to be valid while on OPT?** Your visa only needs to be valid to re-enter the U.S. from abroad. Thus, if it expires while you are still in the U.S., there is no problem. Your F-1 immigration status remains valid as long as you have an EAD card that has not expired and you maintain the minimum employment requirement.
Your application for post-completion OPT must be received by USCIS no earlier than 90 days before degree completion and no later than 60 days after your date of completion. Apply for pre-completion OPT no earlier than 90 days prior to your intended employment start date.

The average USCIS processing time to issue an OPT EAD card is 60 to 90 days. Please visit the USCIS Processing Times website for current processing times.

If you exceed 90 days of unemployment while on post-completion OPT, this is considered a violation of your F-1 status. This unemployment limit does not apply to pre-completion OPT.

You may not begin off-campus employment until you receive your EAD card in-hand and not before the start date printed on your EAD card.

Once the OPT application is submitted to USCIS, your recommended OPT authorization dates cannot be changed without withdrawing your application completely.

Cancelling your OPT application can be very difficult and must be discussed with an OISS Advisor.

Post-completion OPT can be extended beyond 12 months in limited circumstances (i.e. 17-month OPT extension); see your OISS Advisor for more information.

OPT employment must be related to the degree program listed on your I-20.

Update any changes to your name by contacting DePaul University’s Office of Student Records.

Update any changes to your address, phone number, or email address in Campus Connection.
